Adobe® Fireworks® is a bitmap and vector graphics editor used by web designers for creating and optimizing images for the web and rapidly prototyping websites and web applications. FW Zone is dedicated to helping users of Fireworks by providing extensions, tutorials, articles, news and more. It's part of the Dynamic Zones Network, where the world's web developers go to share their knowledge, stay on top of developments, learn advanced skills, purchase extensions and books, and much more.

The network is made up of five portals, or zones, and has a combined membership of over 550,000 active web developers worldwide. These web developers are employing the most sophisticated technologies, such as Dreamweaver, Flash, Cold Fusion, ASP.Net, and more to build dynamic, feature-rich web sites and applications across a variety of platforms.

This list is comprised of subscribers to **the FW Zone (Fireworks) Weekly Update** who are using Fireworks MX to create and optimize images for the web.
